### **Amber Kennedy**

**Project Coordinator & Revit/CAD Technician** Amber brings over 20 years' experience in the foodservice industry to S2O Consultants. Amber will be the project coordinator for the project and will direct and coordinate project schedules, resources, and equipment. She will oversee the daily management of projects, including designing foodservice equipment floor and site plans and preparing utility requirement plans while utilizing the latest Auto Cad and Revit software. Amber is also responsible for coordinating project documentation, equipment specifications and ensuring code and health department compliance. She will use the latest software to create design plans to meet the needs of the clients in all aspects of the foodservices for the facility.

Amber's expertise in AutoCAD and Revit drawing production, BIM creation, MEP, Architectural Coordination, and onsite surveying makes her a vital member of the S2O team.

Amber Kennedy began her career in the foodservice industry at age 16 working as a cook/cashier for McDonald's, a server at an Oyster Shucking Bar and a line cook at multiple family restaurants; all in the Kissimmee, Florida area. She joined S2O in 2012 and has worked her way up to Senior Project Coordinator/Revit Technician with S2O Consultants.

Amber resides in the city of Rolling Meadows with her husband and son.
