

Kristin Sedej

President & Principal in Charge

Kristin will serve as Project Executive and will be actively involved throughout the project. She will provide leadership and strategic oversight, supporting the Project Manager and project team in the planning, design, and construction administration of the food and beverage facilities. Kristin will collaborate closely with the Project Manager and other team members to ensure all foodservice equipment requirements are effectively coordinated and executed.

Personal Stats

40+ years in the industry

18 years with S2O Consultants

Founding partner of S2O

Roosevelt University
B.S. Hospitality Management

Professional Member Food Service
Consultants Society International

FE&S Magazine-Top Achiever
Consultant-2014

Leading and growing S2O Consultants over the last 18 years, Kristin has spent over 40 years in the Hospitality Industry as a whole. As the company has expanded, she now splits her focus between talent development and design work, with an emphasis on practical food service operations in design. Her facility design experience includes major work on sports venues for professional and college level clients, hospitality, educational and corporate dining facilities. She is enjoying the transition, excited to see the staff development and company growth.
